A Government Inquiry

is being made by the United States Senate Food Commission into the matter of food adulteration, now so prevalent. Twice before the United States Government has made inquiries as to the ingredients and quality of the baking powders of the market.

Each time the government report has shown Dr. Price's Cream Baking Powder of highest leavening strength, a grape cream of tartar powder of steffling worth, and absolutely pure and wholesome.

THIS is very gratifying, for Dr. Price's Cream Baking Powder is depended upon by millions of people to raise their daily bread.
