

## SHOT FIRER KILLED AT ALDERSON NO. 5

Don Wychulis, a shot firer at Rock Island coal company mine No. 5, Alderson, was killed Thursday night about 10 o'clock by a windy shot. Wychulis had been in the mine but a short time when an explosion was heard. An investigation was at once made and the shot firer was found in an entry badly burned and dead. Near him in the wall was the remains of the windy shot. Wychulis was a Pole, about 35 years of age and leaves a family.

## LESTER WINS

Democratic Boss Carnes Fourth Ward Caucus by Two Votes. The democrats of the fourth ward met at the old school house Thursday night and elected Wiley Jones, R. P. Hammond, S. F. Boyden and Chas. Hefley, as delegates to the county convention, to be held February 15. Captain Haynes, Eugene Mize, Chas. Jackson and T. D. Davis are alternates.

Mr. Boyden drew caucuses to serve as a delegate. He said that the resolution by the county committee, making the chairman ex-officio chairman of the delegation looked as if someone was trying to legislate himself into office. He said that if he was elected he would serve. Mr. Boyden was elected and made chairman of the delegation.

The Lester crowd was in control by a vote of 26 to 23. Judge Presle B. Cole, district judge, took a conspicuous part in the caucus.

## Crazed by Blow

A colored boy who was crazed by a blow dealt him while in a quarrel at a railroad construction camp south of this city was brought here Thursday and turned loose on the streets. The boy staggered about, bracing himself with a long pole. He told a dozen different stories. His head was bandaged and showed the effect of a terrific blow. The boy was taken to jail in order that he might rest and recover his senses.

## Buys a Farm

Harry Johnson has purchased the Joshua Goddard farm, 3 miles south west of here for \$5,000. There are about 125 acres in the tract.

## Boys and Girls News Contest

## Some Watches

keep time. All keep time after a fashion but only a few can be depended upon to register time to the second. Do you realize that the trade of watch-maker is the most difficult in the world to master? By that we mean that the technical knowledge and manual skill required is more than any other mechanical vocation. The finished watch-maker should be able to make any part of a watch as well as its case in the factory. Let us tell you that not one workman in five hundred can do this. We claim that our watch-makers can. We have several watches made centrally from the rough metal of our watch-makers as proof of our claim. A little attention and a little oil once a year will cause any good watch to run well a lifetime. If yours does not run as it should, bring it to us. We are building a reputation for promptness as well as fine work. Our charges you will find are no higher than at other shops.

McIntyre-Shortess Company

## Annual Ball

The third annual ball which will be given February 14, St. Valentine's day by the railway clerks, is being looked forward to with great pleasure by those who have attended the balls given by the clerks in past years. It is planned to make this year's ball unlike all former efforts. Special accommodations for those living along the interurban will be provided. A car will leave this city at 1 a. m. for those attending from Halesville, Hartshorne and other interurban points. Those who attend this ball are assured a royal time.

## Police Court

Three vags, two drunks and a panhandler composed the audience in the police court this morning. The judge quickly diagnosed the cases and several more will join the civic improvement league of the city. One of the vags carried a face that had been, artistically painted by the fist of a sturdy brakeman. Red, blue, green and yellow were the predominating colors. He will be a guest of the city for a while.

## A Full House

The auditorium at the Central church was crowded last Sunday night to hear the third sermon in the series now being preached by Rev. Johnson on "Fundamentals of Christianity." His subject next Sunday evening will be "The Presence of God."

## MAY REMOVE BANK COMMISSIONERS

According to an opinion from Attorney General West's office the banking board under the constitution has no authority over the bank commissioner in any form. It is held that the governor may remove the commissioner at will, and the governor is a member of the board.

The opinion was drawn by an inquiry from the governor whether the commissioner under the direction of the state board could limit the maximum rate of interest which may be paid on deposits by the banks; also, could they require the increase of capital or surplus of a bank so the same may not exceed in a fixed ratio the amount of deposits, and compel, if desired, a reduction of a bank's real estate interest to meet the maximum limits of the present state law. The attorney general also holds that it is the legislature's place to enact laws protecting the depositor and individual stock holder, but the commissioner, in the absence of a specific act of the legislature, may make limited rulings in the matters asked by the governor.

Col. Wm. Busby today met the remains of Frank Genung at St. Louis and will accompany them to Nashville, Ill., where interment will take place.

## Treat a Mystic Tonight

Visitors at the Mystic Theatre will be afforded an especially fine treat tonight and again Saturday night. The illustrated song, "As Long As the World Rolls On," will be rendered by Miss Kimes. The famous old fairy tale, "All Baba and The Forty Thieves," of the Arabian Nights, will be the leading animated picture. It is beautifully hand painted and especially interesting for children. It had a phenomenal run in Chicago during the world's fair. There are several other numbers, as will be seen by reference to the advertisement in this issue.

Contractor Donnelly will at once begin the work of grading Main street at Krebs from Washington to Lincoln avenue.

## GOVERNOR FAVORS BILL FOR PAVING

Mayor Chaney, some time ago wrote to Governor Haskell regarding a bill introduced in the legislature providing for the proper paving laws. The bill was the result of the meeting of the legislative committee of the Oklahoma mayor's association. This morning Mayor Chaney received a letter from the governor saying that the bill would receive the proper attention and would be passed without any trouble.

The bill will greatly simplify matters throughout the state. At present it is almost impossible to dispose of bonds for paving and yards of red tape are required before any paving can be done, unless the citizens come forward and furnish the cash.

## NOT A DOLLAR

Project to Secure Early Relief for Institutions.

The officers and members of the various educational institutions of Oklahoma met yesterday with the appropriations committee of the legislature, asking the passage of an emergency appropriation bill, which will give them some money. Since statehood these institutions have not been able to draw a dollar. Chairman Whitehurst of the house committee said last night that a bill will be offered carrying about \$175,000 for immediate relief. A bill calling for \$210,000 has already been introduced.

## AT THE COURT HOUSE

The special grand jury empaneled to handle a number of cases under the Arkansas law filed its report this morning and was discharged. The report was as follows:

Dismissed: John Frazier, assault and battery; W. Billy, larceny; Will Day, murder; L. T. Ellison, larceny. True bills: John Hardin, larceny; Tom W. Anderson, disposing of mortgaged property; Tom W. Anderson, disposing of mortgaged property; J. Keller, larceny; W. O. Williams, larceny.

The following business was disposed of by the court today:

State vs. D. J. Faggard, embezzlement, defendant granted 30 days to file bill. C. F. Stanton vs. C. J. Martin, dismissed by plaintiff at plaintiff's cost. Infonetion dissolved. Stewart vs. Threlkeld, fifteen days allowed defendant to file case. Appeal bond fixed at \$1,000. E. B. McDaniels, administrator for the estate of Thos. Curry, was ordered by the court to make a deed to Bertha J. Donnelly for lot 2, block 325, city of McAlester.

State vs. Austin Le Flore, change of venue set, aside by agreement.

Report of referees on Katy right of way condemnation approved and distribution of funds ordered.

Maris Forbis vs. C. C. Forbis, decree of divorce granted to plaintiff also custody of child.

Doc Davis vs. Susie Davis, decree of divorce to plaintiff upon disposition of desertion submitted to the court.

## Under Bond

Sol Roix and James Wilson, charged with petty larceny, were placed under \$100 bond by Judge Higgins this morning. The bond was given and the men released.

Mrs. O. H. Galbraith today received word from Mineral Wells, Tex., that her brother, Arthur Bryan, had undergone an operation for rheumatism and was rallying in good shape from the operation.

## Gave Surprise

The Eastern Star local chapter gave Mr. and Mrs. H. H. Bosley a pleasant surprise on Friday evening Jan. 24. A very enjoyable evening was spent, and although the occasion was a social surprise, everyone pronounced Mr. and Mrs. Bosley most excellent entertainers. Those present were: Mesdames G. S. Turner, J. W. Teagarden, B. A. Jones, Amos Ford, H. H. Hokey, Lorine, Charles Hokey, Sr., Will Oglesby, Jr., Misses Maud and Mabel Oglesby, Mary Stewart, Marietta Hokey, Blanche Jones, Messers. Turner, Teagarden, B. A. Jones, Ford, H. H. Hokey, Dr. Pemberton, Stow Smith, Roy Varley, M. D. Reed, Slaton and C. B. Bosley, Krebs, Banner.

## Plenty of Game

There is an abundance of rabbits and squirrels in this vicinity this season. Squirrels are being killed in large quantities and racoons seem to be especially plentiful.

## Has Contrary Streak

It is contrary to the usual of the Second ward electric line seems to be a chronic kicker. Last night the air broke refused to work on the car and the motorman had a very interesting time all evening. The car refused to start the headlight refused to work. Most every night this car goes wrong in some manner.

## REPORT ON THE OKLAHOMA GUARD

Adjutant General Frank M. Canton has lately prepared and forwarded to the secretary of war a complete report or summary of the Oklahoma National Guard for the year 1907. The figures of merit in the First Infantry for 1907. Company A, at Hobart ..... 13.75 Company B, at Chandler ..... 26.85 Company C, at Shawnee ..... 22.90 Company E, at Pawnee ..... 10.00 Company F, at Watonga ..... 57.90 Company G, at Kingfisher ..... 6.53 Company H, Edmond ..... 12.82 Company J, at Alva ..... 13.08 Company K, at Enid ..... 21.88 Company L, at Perry ..... 16.17 Company M, at Oklahoma City ..... 6.16 Signalers at Lawton ..... 18.49 Engineers at Blackwell ..... 15.29 Staff, First Infantry ..... 20.51

These figures are based almost altogether upon the records made by the troops at Fort Sill during June 1907, at Fort Reno during September 1907, and upon the record made by the Oklahoma rifle team at the National competition held at Camp Perry, Ohio, during August, 1907. At Fort Reno, where a most complete course of practice was carried on, Company G of Kingfisher, M. of Oklahoma City, the Engineers of Lawton, E. of Pawnee and the Signal Corps of Blackwell did not get to fire.

Sergt. Forrest E. Van Skike of company F, first infantry, stationed at Watonga, made the highest individual record and has also qualified as expert rifleman. His company holds the highest figure of merit of the several organizations. This company was under the command of Capt. Arthur L. Edgington.

## Liquidation Decided Upon

New Orleans, Jan. 31.—Liquidation of the State National Bank of New Orleans was decided upon by a vote of the stockholders. This bank is nearly 100 years old. Following the resignation of President William A. After several weeks ago and a receivership for a large grocery firm of which he was head, the State National bank has suffered heavy withdrawals of money. Six liquidators were selected and immediately put in charge. They are John Fulton, Charles Janvier, Charles Godchaux, Warren Kearney, Louis Hoffman and C. A. Morgan.

Allie O'Neill of Crowder, City visited here today.

## FOUND A FORTUNE ON THE PAVEMENT

How would you like to dig a big fat pocket book containing \$3,000 in greenbacks from a rubbish pile? Mike Ryan, who keeps the Choctaw avenue pavement clean, did this Tuesday morning and was so unconcerned about it that the story has just leaked out. Mike kept the small fortune only a few moments. He knew the owner of the money and the big pile of bills did not tempt him.

Early Tuesday morning as Ryan was loading a pile of rubbish in front of the Choctaw Railway and Lighting company's office he saw a big red leather pocket book lying in the dirt. He picked it up and upon opening it found a \$1,000 bill and a good sized bunch of \$100 bills. A few moments later a young man on horseback rode up. He was pale as death.

"Have you seen a big red pocket book?" he almost shouted. "Yes, here it is," said Ryan as he handed it to the excited young man. "You shall be rewarded for this," said the young man as he rode away.

He knows the young man by sight but does not know his name. He had seen the big red pocket book in his possession many times before and knew the rightful owner of the money and gave it up without a thought of keeping it. Ryan hopes to hear from the young man.

Faithful Mike's money comes by the hardest kind of work, and he could use a substantial reward which he deserves and should have.

## Where is the Platform?

Many moons ago it was rumored that the railroads would build a new depot platform of concrete or brick. The moons have got full, quartered and full again, but the old wooden affair remains. The platform is not keeping with the building and requires constant repair.

## Pioneer Club

The meeting of the Pioneer club which was to have been held at the office of Dr. J. E. Wright Thursday night was postponed until Thursday evening, February 6, at which time the club will meet in Dr. Wright's office.

## History Pamphlet

The Segregated Coal Land Settlers Association has issued a pamphlet giving a brief history of the segregated land and its settlers. The pamphlet gives the aim of the association and explains the necessity of having the surface of the lands sold and the protection of the settlers. The pamphlet is being sent to Washington in large numbers and it is hoped will serve to make the situation more clear in the minds of some of the lawmakers.

## Bold Bad Gamblers

There are a number of gamblers here who make a specialty of picking up intoxicated men and fleeing them. A man under the influence of liquor falling in the hands of one of these sharpers always comes out of the "mill" with clean pockets. If these gentlemen of leisure were put to work in the city's industrial department, it might improve their morals.

## Chicken, Chickens

Two large poultry cars containing 2,000 chickens each, passed through today bound for Kansas City and St. Louis. The chickens came from Texas farms and were the first shipment in an order for a dozen cars of the birds for St. Louis and Kansas City.

## Theatre Drawing

The drawing of chances for reservation of seats will take place in the corridors of the Busby hotel on Wednesday, February 6th.

Although all the details of the plan have not been definitely announced it is understood that the orchestra floor will be reserved for \$15 seats, the balcony for \$10 and the gallery for \$5. It is understood that the number of subscribers to each class will be ascertained and numbers ranging from one to the outside number will be placed in a box and the subscribers will be allowed to draw.

Then at some subsequent date the board will be opened and the numbers called. The man who got number 1 will be permitted to select all the seats subscribed for by him. If a number is missing the next number will be called and reservations made.

At any time during the selection of seats the holder of an earlier number can insist on his choice as soon as his number last called has finished his reservation.

The undrawn numbers will likely remain in the box so that people who are not present on the 6th will have opportunity to draw, and they can then present their number and take precedence of all subsequent numbers not yet presented.

This seems to be the most equitable plan on which the committee can agree.

## DOPE FIEND FOUND IN BOX CAR

This morning the men went to work at the cotton platform at Klows and upon opening a box car standing on the track they found the dead body of a white woman.

There was nothing by which the body might be identified and she was evidently a homeless woman or a female tramp.

There were no marks of violence about the body and it was supposed she died from natural causes. An inquest will be held.

She was apparently 30 or 35 years of age and it was not known how long she had been dead.

## Not Dead But A Dope Fiend

Word came from Klows late this afternoon that the woman found at the cotton compress reported to be dead, had come to life. The police claim she was a woman who was doped to the limit with cocaine and had a narrow escape.

#### STATE CONVENTION CALL.

Pursuant to action taken by the republican state central committee in meeting assembled at Guthrie, Okla., Jan. 8, 1908, and by the authority vested in me as chairman of said convention, the republican state convention is hereby called to meet at Oklahoma City, Okla., at two o'clock p. m., on Wednesday, March 11, 1908, for the following purposes:

To elect four delegates at large, and four alternates from the state of Oklahoma to the republican national convention to be held in Chicago, Ill., June 16, 1908.

To nominate seven electors to the national electoral college, one of such electors from each congressional district, to be recommended to the state convention.

To elect one national committee man for the state of Oklahoma to be a member of the republican national committee.

The basis of representation from each county to the state convention shall be as follows: One delegate for each 200 votes or major fraction thereof cast for Governor Frazz at the September, 1907, election, and one delegate at large for each county in the state.

The following apportionment gives the number of delegates allowed each county, including one delegate at large.

Each member of the state central committee together with the chairman of the county central committee of their respective county shall join in a call for a county convention to be held at the county seat of their county prior to the state convention and there elect the delegate as above appointed to the state convention.

C. E. HUNTER, Chairman.  
Attest: Hugh Scott, Secretary,  
Guthrie, Okla., Jan. 16, 1908.

Don't forget that the paramount issue in the coal belt is the sale of the surface.

The surface of the coal land must be sold at once if McAlester would become a city.

Perhaps the city council fears that folks would get excited if they saw the long promised financial statement.

Over in the second ward the rule is that if you desire to restore harmony to a democratic caucus, adjourn.

Now comes the French minister of justice and advocates trial marriages. Chicago adopted the system some time ago.

Senator Curtis is trying to arrange a place in the classified service for deaf mutes. Now if the government had a barber shop.

The construction of a part of our constitution for the satisfaction of partisan election judges as a prerequisite of voting, is a travesty.

The warmest eulogies of McKinley in the legislature Wednesday were by democrats. Wasn't it Tom Reed who said that in democratic eyes a statesman was a dead republican politician?

For a state that has but 7.9 per cent negro vote, a "grandfather" suffrage law would indicate that the democrats are getting terribly afraid the people will arise and wipe them off the map.

According to the census there are only 30,000 negro males of voting age in all Oklahoma. Yet democrats are so afraid of its job that it devises methods of depriving these few men of the right to vote.

William Howard Taft will be nominated on the first ballot and the same fellows who are talking now about the "wisdom" of instructed delegates will be printing affidavits to prove they were the "original Taft men."

Write your congressman and senator—your own now, then goodness— and impress upon them how important it is to this section that the surface of the coal land should be sold at once without any further negotiations.

The number of states adopting primary laws grows constantly. The primary is a clumsy way to do business, but just such conventions as that held at Coalgate the other day are responsible for the primary movement.

Those brash young democrats of Pittsburg county are receiving with the proper count the spirit of discipline that is being ostensibly administered to them by the veteran editor of the Daily Capital.

Assistant Attorney General Higley has rendered the sage opinion that officers cannot enter a man's home and tear things up searching for something without first getting a search warrant. It makes us a little cheerful to know that some of the rights guaranteed by the constitution of the United States are still intact.

If a general educational qualification for the suffrage were provided it might not be so bad, although there is some question whether man is not a better citizen when he feels that he has a hand in the election of officers and the determining of policies. But the disqualification that extends to only men of a certain rank is rank injustice.

The chaplain of the Oklahoma legislature prayed for Bryan's election recently. The Washington chaplain on Wednesday prayed: "Lord, deliver us from the demagogue and the shallow, talking man, and give us a man with a big heart and a broad manner of thought." Under the circumstances the Lord is likely to remain neutral in the next election.

According to the 1900 census there were 15,000 illiterate males of voting age in Indian Territory, of whom 8,000 were white, 3,000 negroes and 3,100 Indians. Yet the proposed suffrage law would let all the white illiterates vote and would deprive any negro, even if he could repeat the Lord's prayer in Greek, from voting unless he "construed any part of the constitution" to the satisfaction of partisan election judges.

LEADING ODD FELLOW GONE.  
Sovereign Grand Chaplain Venable Held That Position Forty Years.  
Hopkinsville, Ky., Jan. 30.—Rev. John W. Venable, for many years pastor of Grace Episcopal church here, and for the past forty years sovereign grand chaplain of the Odd Fellows in the United States died Wednesday morning. He was born at Washington in 1822.

Wilkinson Will Not Contest.  
New Orleans, Jan. 31.—There will be no contest of Tuesday's Democrat primary for governor. This was the announcement of the managers for T. S. Wilkinson, whose defeat by J. Y. Sanders they admitted in a published statement.

Consideration Day Set.  
Washington, Jan. 31.—The senate will consider the Aldrich financial bill Feb. 10.

Barteldes' Celebrated Garden and Flower Seeds a Complete Assortment of the Freshest at TANNER'S

### CLUBHOUSE BURNS.

#### Elegant Structure and Adjacent Buildings Consumed.

Dallas, Jan. 31.—Fire destroyed the elegant clubhouse and adjoining buildings of the Dallas Golf and Country club. The total loss is estimated at about \$30,000, with insurance between \$12,000 and \$15,000, placed principally with agents who are members of the club.

It is presumed the fire was caused by the explosion of an oil stove in the secretary's office on the first floor. It was first seen by a negro called Ed, who was coming from town, and the building was then emitting a big cloud of smoke.

On the second floor sleeping quarters were occupied by E. L. Scott, W. B. Gano and his brother, Dr. Gano of New Orleans; Mrs. Spiegel, the housekeeper, and a negro porter named Tom Davis. These lost most of their personal effects but escaped without any physical injury.

### NO DEED.

#### Governor Campbell Declines to Either Sell or Donate Land.

Austin, Jan. 31.—Governor Campbell will not sell or deed land in Galveston bay for a federal quarantine station. He made this plain to Colonel Walter Gresham of Galveston and Dr. G. M. Corput, past assistant surgeon in the marine hospital and public health department, which administers the Federal quarantine. They called on the governor and held a lengthy consultation, urging him to sell for a nominal sum or deed for deed for the purposes mentioned. This the governor flatly refused to do. Discussing the matter the governor said that the Federal government asks for 300 acres of land in Galveston bay, and that he did not think he had authority to sell or deed it without a specific act of the legislature; that he could not disposed of the state's land, submerged or other land, but that he would not commit himself to sign a bill at a future session of the legislature deeding the land, and would certainly veto it if it proposed to deed 300 acres of land, when he knew that the land in question was more than enough. The governor, however, said that he did not want it understood that he would sign a bill conveying the ten or fifteen acres, as he was not committed to that scheme.

### OPTION WITHDRAWN.

#### Deal For Ellis Plantation in Fort Bend County is Off.

Austin, Jan. 31.—It is learned that the deal by which the state was to have acquired the Ellis plantation in Fort Bend county has fallen through. The heirs to the Ellis estate claim they considered the proposition to the state only as an option, and they now announce they have withdrawn the proposition to the state. The Ellis plantation consisted of a tract of 5,427 acres, and adjoined the Riddick and Sugarland plantations. The state was to have bought the plantation for \$100,000.

The failure of the state to secure this plantation will not affect the purchase of the Sugarland and Riddick plantations as the contracts have been closed. The price paid for the Sugarland plantation was \$450,000 and for the Riddick plantation, \$400,000. Chairman of the board of state penitentiaries was here in conference with Governor Campbell about the matter. It is the general impression the state can do nothing, as no contracts have been signed.

### Judge Smith Passes Away.

Fort Worth, Jan. 31.—Judge Tillman Smith succumbed to a stroke of paralysis. In 1874 he was a member of the legislature from Grimes county serving in the house, and later was a senator. He has resided here since 1891.

### BREVITIES BUNCHED.

Five Greenville, Tex., residences were burned.

Kenner Graham was probably fatally run over by a train at Roswell, Okla.

Judge Reuben A. Reeves, a Dallas attorney, known all over Texas, is dead.

In Judge Bond's court Mayor Brown of Claremore, Okla., was exonerated of charges made.

Home National bank of Stanton, Tex., capital stock \$25,000, has been authorized to do business.

A wagonload of splendid cabbage, grown two miles from Snyder, Okla., was marketed there.

## At FULLER'S MONDAY MORNING

### TREAT FOR KREBS.

Laurence Evert the Great Adip, to Appear There Saturday Night.

Showgoers at Krebs are delighted over the fact that they will be privileged on Saturday night to see Laurence Evert, noted actor and friend of Sir Henry Irving, in his favorite play, "We are Kings," on Saturday night, February 1st.

Krebs has had an unusually good run of shows this season because of the fact that McAlester's playhouse has been closed.

It is understood that several peo-

ple from McAlester will go to Krebs Saturday night to avail themselves of this unusual privilege.

Mr. Evert began his stage career fifteen years ago as a member of the Lathrop Stock company of Boston. Among his intimate associates in that company were Dustin Farnum, the star of the Virginia, William Farnum who has the principal role in the Prince of India, Maurice Freeman, the leading man of the Classman company and J. Lillian Mortimer who has achieved considerable fame in the melo-dramatic field. Mr. Evert was a member of this company for several seasons. He later went to California and was engaged to play the leading role with the famous Alcazar Stock Co. of San Francisco.

For the past seven years he has been leading man with Walker Whitesides, during which time he has acquired an extensive repertoire of classic and modern roles. Mr. Evert, like the late Joseph Jefferson, delights in spending much of his spare time in painting and sketching. He is also a very fine pianist. His summers are generally spent at Cape Cod, Mass.

The Krebs prices are 50 cents, 75 cents and \$1.00.

### Notice of Sale of Houses.

The Board of Education has for sale the following frame buildings, situated on the school lands in this city.

- About ten rooms in the high school building.
- One small office building on high school grounds.
- One two room building on school grounds.
- One two story building on old school grounds, second ward.
- One two room building on school ground in third ward.
- One building in sixth ward, north end, on lot owned by D. Hopkins.

The school board invites sealed bids on the above buildings, bids to be on the separate buildings as described above; terms of sale to be cash when sale is made; purchasers will have to enter into contract to remove buildings at once, except the third ward building which will be retained until now one is finished.

The board reserves the right to reject any or all bids.

Bids received until February 6, 1908, at 3 o'clock P. M.

A. V. THOMAS, President  
P. D. BREWER, Secretary
